TECHNICAL PROJECTS

City Diary | Software Engineer (Collaborative Project) |Feb 2022 | https://www.github.com/HCJM/City-Diary
A mobile app that allows you to quickly capture audio, and save that unique moment to your specific location
on a map. Users can choose to publicly or privately share their audio on the City Diary Map, to revisit at any time.
- Responsible for recording, playback, and uploading of audio
- Implemented use of the Expo Audio package and Firebase framework/library
- Assisted in refactor of code relating to audio's uploading to Firebase cloud storage
- Made myself available to contribute to debugging in codebases outside of my own

EXPERIENCE | Client Relationship Management | Project Management

Administrative Assistant | The John A. Hartford Foundation | New York, NY   Jul 2019 - Mar 2020
- Provided all levels of general administrative and project support to the Vice President of Programming
- Managed and prioritized the VP's schedule to ensure her time was focused on strategic, critical issues
- Responsible for tracking of spending and submission of expense reports

Territory Manager | Park Irmat Drug Corp. | New York, NY   Jun 2016 - Jan 2017
- Acted as direct liaison between patients, physician offices and third-party providers
- Tracked and communicated project scope, as well as project schedule, with external contractors
- Notable Accomplishment: Increased client retention rate by 12% after implementing a customer follow-up approach using CRM software

Administrative Assistant | Park Irmat Drug Corp. | New York, NY   Jul 2014 - Jun 2016
- Provided all levels of general administrative and project support to the Corporate Director of Sales
- Facilitated all correspondence as point of contact between director and internal personnel/external clients
- Managed conflicting priorities to ensure that projects were completed within critical department deadlines
- Elected for promotion after exhibiting ability to quickly master concepts in ad hoc projects taken on
